

Appendix C: Program Narrative

1. Describe the areas in which your agency would benefit from participation in the Training and Practice Implementation Institute. Discuss where there are specific needs you hope the project will address.

2. Describe any experience your agency has with implementing Motivational Interviewing (MI) and Cognitive Behavioral Therapy (CBT). Include a summary of any training or technical assistance your program has provided for staff to enhance knowledge/skills regarding these evidence-based practices.

3. How will you ensure that the program implements MI and CBT following completion of this project? That is, what strategies might be used to ensure sustainability of these interventions long-term?

What barriers do you foresee to your participation in this project? In particular, do you anticipate any problems fulfilling the requirements of the project as outlined in Appendix B. Please explain!
